

2016/17
TRADE PRICE LIST

March 2016

Maison Liedberg Limited is an independent importer and distributor of wines founded in 2001, supplying the on and off trade.

As we celebrate our 16th year of trading, I am proud to launch our price list for 2016/17. We remain a specialist importer of French wines, looking to select high quality suppliers in each region who can provide us with wine that is of good value. "Value" in our interpretation does not mean the cheapest, but the best wines with good quality to price ratio.

There are some changes to our list as we look to expand our range. I am happy to introduce a range of new wines from Burgundy, Domaine Dubois, who can give me access to some smaller parcels of village appellation wines from this region. I was excited as soon as I tasted their wines because of their traditional Burgundian qualities and also the forwardness of their fruit. I think they will be a welcome addition to our range.

Additionally, I have much expanded our range of wines from the Languedoc with many wines from smaller producers. This is an exciting region currently with excellent quality relative to cost.

I have increased the range and selection of our Champagne suppliers. Whilst I am still very passionate about Bruno Michel as our house Champagne, who has been making excellent quality organic Champagne for years, there are also other more familiar names in our list. Most of the suppliers can provide Champagne in different formats so don't hesitate to ask.

Despite the focus on French wine, we have added some Italian wines. I decided that if I was going to list a Prosecco then it had better be one I am proud of selling or not to bother at all. I feel that this product fits the bill and I hope you feel the same way about it.

I wish you all a prosperous year ahead.

Best wishes

Nick Ryman
