**TRADE PRICE LIST**

July 2017

Maison Liedberg Limited is an independent importer and distributor of wines founded in 2001, supplying the on and off trade.

As we celebrate our 17th year of trading, I am proud to launch our price list for 2017 /18. We remain a specialist importer of French wines, looking to select high quality suppliers in each region who can provide us with wine that is of good value. “Value” in our interpretation does not mean the cheapest, but the best wines with good quality to price ratio.

It has been a challenging year for price planning, with both the French producers increasing their prices, as well as the impact of Brexit on the strength of Sterling, impacting the cost of both wine and importation.

However, there are still great independent producers in France and excellent examples of classic regional wines reflecting their “Terroir” and the love of the producers to make as good a wine as they can given the circumstances.

I wish you well for the coming year ahead.

Best wishes
